Tap Magic® Formula 1 Aqueous and Formula 2 Eco-Oil are two environmentally-friendly cutting fluids that deliver outstanding performance for virtually all metal cutting operations, and help promote longer tool life.

Both formulations are 100% biodegradable, and both contain the proprietary additive EP-X³® for a synergistic boost in performance.

Tap Magic Formula 1 Aqueous has a special water base that, unlike most water-based fluids, is non-corrosive. This super-safe fluid provides superior cooling and minimizes clean up. It is highly recommended for all metals except magnesium.

Tap Magic Formula 2 Eco-Oil has a unique base of natural oil that resists smoking and fuming, making this fluid ideal for applications that require extended cutting time or produce a lot of heat. Formula 2 Eco-Oil is effective on all metals.

OTHER FORMULAS

Tap Magic Formula 1 Aqueous and Formula 2 Eco-Oil are joined by a number of other Tap Magic Cutting Fluids, each carefully engineered for maximum effectiveness in specific applications.

- Tap Magic with EP-XTRA® is an ozone-friendly, professional-quality cutting fluid that's highly effective for virtually any cutting operation on any metal.

- Tap Magic XTRA®-THICK is a super-heavy-weight cutting fluid without equal for deep hole cuts and other cuts of long duration on hard metals up to 45 RC – and has a superior cling time for lathe and mill work.

- Tap Magic XTRA®-FOAMY is an extreme-performance cutting fluid with a foam consistency that provides high visibility. It is ideal for all cuts on all metals – even hard metals up to 45 RC.

- Tap Magic Aluminum is specially formulated for work on aluminum.

- Tap Magic PROTAP®, our original biodegradable formula, is an outstanding all-purpose cutting fluid that's totally free of all regulated chemicals.
